Hefei Real Estate Market 2007

Beijing HL Consulting Co., Ltd

Introduction

Hefei, situated between the Yangtze and Huaihe Rivers, near the Chaohu Lake to its south, is an ancient city in China with a history of more than 2000 years. Today it is the capital of Anhui province, the provincial center of politics, economy, culture, information, finance, commerce and trade.

There are three counties (Feidong, Feixi, and Changfeng) and four districts (East, Central, West and Suburbs) under the jurisdiction of the city. Its total area is 72668 square kilometers, among which 596 square kilometers are in the city limits (including the Suburbs District).

In 2006, the gross product of Hefei City (being called GDP for short, the following is identical) exceeds 100 billion yuan for the first time, and so the target "thousand hundred million yuan " came true advancing for 4 years. According to the first calculates, 107.386 billion yuan of GDP has been realized all year around, increases by 17.5% compared with the same period of the last year. Among it the primary industry 6.176 billion yuan of GDP has been realized, increases by 7.7% compared with the same period of the last year. Secondary industry increases 51.059 billion yuan. By 22.7%. Tertiary industry increases 50.151 billion yuan of GDP, by 13.7%. Per capita GDP breaks 20,000 yuan, according to register census population calculates it reaches 23,200 yuan, according to the going rate, per capita GDP approaches 3000 U. S. dollar.
