

Version: Jan 6th,2007

China Automobile Industry

Research Report 2006

Beijing HL Consulting Co., Ltd

Table of Contents

- 1 Overview of China's automobile industry in 2006
 - 1.1 Overall production and marketing situation in 2006
 - 1.1.1 Production and sale in 2006
 - 1.2 Overall financial situation of enterprises from 2004 to 2006
 - 1.2.1 Overall financial situation of enterprises in 2006
 - 1.2.2 Overall indicators of enterprises in 2005
 - 1.3 Analysis on China's automobile imports and exports in 2005 and 2006
 - 1.3.1 Analysis on automobile imports and exports in 2005
 - 1.3.2 Analysis of integrated automobiles import and export in 2005-2006
- 2. Market supply and demand situation of main products in automobile industry between 2005 and 2006
 - 2.1 Analysis on saloon car market
 - 2.1.1 Production and sale of saloon cars of major enterprises
 - 2.1.2 Total output of saloon cars
 - 2.1.3 National market situation of saloon car
 - 2.1.4 The marketing situation of each type of automobiles
 - 2.1.5 Import and export of saloon car
 - 2.2 Analysis on passenger car market in 2006
 - 2.2.1 Status of production and marketing of passenger cars
 - 2.2.2 Analysis of competition of passenger car market industry
 - 2.3 Analysis of passenger car model structure
 - 2.2.4 Status of export and import of passenger cars
 - 2.2.4.1 Status of export of passenger cars
 - 2.2.4.2 Status of import of passenger cars
 - 2.2.5 Analysis of high-class passenger car market
 - 2.2.6 Analysis of factors impacting passenger car market
 - 2.2.6.1 Rise in oil prices impacting the development of passenger car industry
 - 2.2.6.2 The State Council gave the conclusion that there are excess production capacity in automotive industry
 - 2.2.6.3 Requirements for qualification of producing whole passenger car may cause the reorganization of the passenger car industry
 - 2.2.6.4 Upgrade of the standard of environmental protection will affect the light passenger car enterprises greatly
 - 2.2.6.5 Priority on the development of urban public transport brings new opportunity to passenger car industry
 - 2.3 Lorries market analysis
 - 2.3.1 Lorries market analysis
 - 2.3.2 Import and export of Lorries
 - 2.3.2.1 Exports of Lorries
 - 2.3.2.2 Import of lorries

- 3. General development of China's automotive components industry
 - 3.1 General development of China's automotive components industry
 - 3.2 Production and sale of automotive components industry
 - 3.3 Economic indicators of automotive components industry
 - 3.4 Imports and exports of automotive components industry
 - 3.5 Summary of key automotive components enterprises
 - 4. Development of China's automobile repairing industry
 - 4.1 Basic situation of Automobile Repairing industry
 - 4.2 Production and Sales of Automobile Repairing industry
 - 4.3 Economic indicators of Automobile Repairing industries
 - 4.4 summary of Major vehicle repair business 136
 - 5. Analysis on future development trend of China's steel industry – correlative industry of automobile industry
 - 5.1 Steel products market
 - 5.1.1 production of thin sheet
 - 5.1.2 Price of thin sheet in China in 2006
 - 5.2 Forecast of volume of steel for automobiles in the future (Year 2007-2020)
 - 6. Analysis of development trend of China's automobiles in the future
 - 6.1 Analysis of the development environments of Chinese automobile industry
 - 6.1.1 Chinese macro economy development
 - 6.1.2 The schedule of fuel oil tax and its effect on automobile industry
 - 6.1.3 Analysis of related policies affect automobile industry
 - 6.2 Forecast model of China's vehicle demand in the future (Year 2007-2020)
 - 6.2.1 Relationship between China's per capita vehicle stock and per capita GDP
 - 6.2.2 Forecast of China's GDP in the future (2007-2020)
 - 6.2.3 Forecast of China's total vehicle demand from 2007 to 2020
 - 6.2.4 Forecast of automobile output in China, 2007-2020
- Tables 159
Figures 165

Tables

- Table 1. Automobile industry division 5
- Table 2. Production and sales of automobile by type 7
- Table 3. Production and sale of Passenger Car Vehicle in 2006 8
- Table 4. Output of automobiles by province of China in 2006 (Unit:vehicle) 10
- Table 5. Output of automobile of the whole nation in 2006 11
- Table 6. Total number of enterprises and Total number of loss making enterprises of China's automobile industry in 2006
- Table 7. Total number of Enterprise,total number of loss-making enterprises of China's Automobile Complete industry from 2004 to 2006
- Table 8. Total number of Enterprise,total number of loss-making Enterprises of China's Automobile complete industry by province from January to December in 2006
- Table 9. Total Assets,total Liability,the average balance of float assets,the average balance of net fixed assets of China's automobile manufacturing by Province from 2005 to in2006

Table 10. Total Assets,total Liability,the average balance of float assets,the average balance of net fixed assets of China's complete automobile manufacturing by province from 2004 to 2006

Table 11. Total Assets,total Liability,the average balance of float assets,the average balance of net fixed assets of China's complete automobile manufacturing by Province from January toDecember in 2006

Table 12. Sales revenue,sales cost,sales expenditure,total profit,total tax of China's automobile manufacturing by Province from 2005 to 2006

Table 13. Sales revenue,Sales cost,Sales expenditure,Total profit,Total tax of China's complete automobile manufacturing by Province from 2004 to 2006

Table 14. Sales revenue,Sales cost,Sales expenditure,Total profit,Total tax of China's complete automobile manufacturing by Province from January to December in 2006

Table 15. Capital maintenance and increment ratio,The best level of Capital maintenance and increment ratio,Debt to assets ratio, The best level of Debt to assets ratio,Turnover frequency of floating assets,The best level of Turnover frequency of floating assets,Sales rate Per capita,The best level of Sales rate Per capita of China's automobile manufacturing by Province from 2005 to 2006

Table 16. Capital maintenance and increment ratio,The best level of Capital maintenance and increment ratio,Debt to assets ratio,The best level of Debt to assets ratio,Turnover frequency of floating assets,The best level of Turnover frequency of floating assets,Sales rate Per capita,The best level of Sales rate Per capita of China's complete automobile manufacturing by Province from 2004 to 2006

Table 17. Capital maintenance and increment ratio,The best level of Capital maintenance and increment ratio,Debt to assets ratio, The best level of Debt to assets ratio,Turnover frequency of floating assets,The best level of Turnover frequency of floating assets,Sales rate Per capita,The best level of Sales rate Per capita of China's complete automobile manufacturing by Province from January to December in 2006

Table 18. Basic situation of top ten enterprises of complete automobile manufacturing from 2004 to 2006

Table 19. The average balance of float assets,The average balance of net fixed assets,Total Assets,Total Liabilities of top ten enterprises of complete automobile manufacturing from 2004 to 2006

Table 20. Sales revenue, Sales cost, Sales expenditure, Total profit, Total tax of top ten enterprises of complete automobile manufacturing from 2004 to 2006

Table 21. Capital maintenance and increment ratio,Debt to assets ratio,Turnover frequency of floating assets,Sales rate Per capita of top ten enterprises of complete automobile manufacturing from 2004 to 2006

Table 22. Economic indicators of top ten enterprises of automobile manufacturing in December ,2006

Table 23. Top ten Province of sales revenue of complete Automobile manufacturing from January to December in 2006

Table 24. Top ten City of sales revenue of complete Automobile manufacturing from January to December in 2006

Table 25. Accumulative sales revenue, Accumulative total profit of China's automobile industry by province in 2006

Table 26. Accumulative finished product and Accumulative Net accounts of receivables of China's automobile industry by province in 2006

Table 27. Accumulative Total Assets and Accumulative Total Liabilities of China's automobile industry by province in 2006

Table 28. Accumulative average balance of float assets and Accumulative average balance of net fixed assets of China's automobile industry by province in 2006

Table 29. Accumulative Sales Cost of Industrial Products and Accumulative Expenditure of sales of China's automobile industry by province in 2006

Table 30. Accumulative Tax and Extra Charges on Sales of Products and Accumulative Total administrative expenses of China's automobile industry by province in 2006

Table 31. Accumulative Finance expenditure by December in 2004 and Growth compared with the same period of last year of China's automobile industry by province in 2006

Table 32. Capital maintenance and increment ratio, Debt to assets ratio of China's automobile industry by province in 2006

Table 33. output value to profit and tax, Profitability to capital ratio, Turnover frequency of floating assets of China's automobile industry in 2006

Table 34. Ratio of Profits to Cost, Sales rate Per capita, Funds occupancy rate of finished product of China's automobile industry in 2006

Table 35. Accumulative average total number of employees, Accumulative Industrial production value of China's automobile industry by Province in 2006

Table 36. Accumulative Export delivery value of China's automobile industry by Province in 2006

Table 37. Sales revenue, Total Assets, Total profit, The average total number of employees of top ten enterprises

Table 38. Rank of enterprises by sales of car vehicle in 2006

Table 39. Revenue and market share by emission in 2006

Table 40. Production and sales of car vehicle(Generalc type car vehicle) in 2006 by enterprises

Table 41. Total Output of saloon cars in 2006

Table 42. Output of saloon cars in The whole nation from February to December in 2006

Table 43. Output of saloon cars in Beijing from February to December in 2006

Table 44. Output of saloon cars in Tianjin from February to December in 2006

Table 45. Output of saloon cars in Liaoning from February to December in 2006

Table 46. Output of saloon cars in Jilin from February to December in 2006

Table 47. Output of saloon cars in Heilongjiang from February to December in 2006

Table 48. Output of saloon cars in Shanghai from February to December in 2006

Table 49. Output of saloon cars in Jiangsu from February to December in 2006

Table 50. Output of saloon cars in Zhejiang from February to December in 2006

Table 51. Output of saloon cars in Anhui from February to December in 2006

Table 52. Output of saloon cars in Fujian from February to December in 2006

Table 53. Output of saloon cars in Jiangxi from February to December in 2006

Table 54. Output of saloon cars in Shandong from February to December in 2006

Table 55. Output of saloon cars in Hubei from February to December in 2006

Table 56. Output of saloon cars in Hunan from February to December in 2006

Table 57. Output of saloon cars in Guangdong from February to December in 2006

Table 58. Output of saloon cars in Guangxi from February to December in 2006

- Table 59. Output of saloon cars in Hainan from February to December in 2006
- Table 60. Output of saloon cars in Chongqing from February to December in 2006
- Table 61. Output of saloon cars in Guizhou from February to December in 2006
- Table 62. Output of saloon cars in Yunnan from February to December in 2006
- Table 63. Output of saloon cars in Shaanxi from February to December in 2006
- Table 64. Sales rank of small passenger car with emission below 1.0L
- Table 65. Sales rank of small passenger car with emission between 1.0 and 1.6
- Table 66. Sales rank of small passenger car with emission between 1.6 and 2.0
- Table 67. Sales rank of medium and high grade passenger car with emission between 2.0 and 2.5(including 2.5)
- Table 68. Sales rank of high grade passenger car with emission over 2.5 L
- Table 69. Amount and sum of import and export of saloon car in China from 2004 to 2006
- Table 70. Total output of road passage car of China by Province in 2006
- Table 71. comparison of production and sale of passage car between 2004 to 2006
- Table 72. Statistics of road passage car in 2006
- Table 73. Output of road passage car of China by month from January to December in 2006(Unit: ten thousand vehicle)
- Table 74. Statistics of Market share of road passage car
- Table 75. Market statistics of Highway passage car by type in 2004 and 2006
- Table 76. sales data of high-grade bus from 2002 to 2006
- Table 77. Sales statistics comparison lorries by type in 2004 and 2006
- Table 78. Sales and growth of heavy lorries in 2005 compared with the previous six years
- Table 79. Total output of carry cargo automobile by province in 2006
- Table 80. Sales of heavy lorries in 2004 and 2006
- Table 81. Sales and market share of heavy lorries in 2006
- Table 82. Output of lorries from January to December by month in 2006 (Unit: 10 thousand vehicle) 93
- Table 83. Value and volume of Import and Export of trucks (including package supplied) from 2004 to 2006
- Table 84. Basic situation of automobile parts and accessories manufacturing from 2004 to 2006
- Table 85. Basic situation of automobile parts and accessories manufacturing by Province from January to December in 2006
- Table 86. Sales revenue,Sales cost,Sales expenditure,Total profit,Total tax of Automobile parts and accessories manufacturing from 2004 to 2006
- Table 87. Sales revenue,Sales cost,Sales expenditure,Total profit,Total tax of Automobile parts and accessories manufacturing by province from January to December in 2006
- Table 88. The average balance of net fixed assets,Total Assets,Total Liabilities of Automobile parts and accessories manufacturing from 2004 to 2006
- Table 89. The average balance of net fixed assets,Total Assets,Total Liabilities of Automobile parts and accessories manufacturing by province from January to December in 2006
- Table 90. Top ten provinces of sales income of Automobile parts and accessories manufacturing from January to December in 2006
- Table 91. Top ten Cities of sales income of Automobile parts and accessories manufacturing from January to December in 2006

Table 92. Top ten provinces of sales income of Automobile parts and accessories manufacturing from January to December in 2005

Table 93. Top ten Cities of sales income of Automobile parts and accessories manufacturing from January to December in 2005

Table 94. Capital maintenance and increment ratio,The best level of capital maintenance and increment ratio,Debt to assets ratio ,The best level of Debt to assets ratio,Turnover frequency of floating assets,The best level of Turnover frequency of floating assets,Sales rate Per capita,The best level of Sales rate Per capita of automobile parts and accessories manufacturing from 2004 to 2006

Table 95. Capital maintenance and increment ratio,The best level of capital maintenance and increment ratio,Debt to assets ratio ,The best level of Debt to assets ratio,Turnover frequency of floating assets,The best level of Turnover frequency of floating assets,Sales rate Per capita,The best level of Sales rate Per capita of automobile parts and accessories manufacturing by province from January to December in 2006

Table 96. Volume and value of import and export of China's auto parts from 2004 to 2006(Unit of amount: Vehicle Unit of sum: 1000 dollars)

Table 97. Production and Sale data of top ten automobile parts enterprises of China in 2003

Table 98. Total number of Enterprise,Total number of loss-making Enterprises,Industrial production value,The average total number of employees of China's Automobile Repairing industry from 2004 to May in 2006 120

Table 99. The average balance of float assets,The average balance of net fixed assets,Total Assets,Total Liabilities of China Automobile Repairing industry from 2004 to 2006 122

Table 100. Sales revenue,Sales cost,Sales expenditure,Total profit,Total tax of China Automobile Repairing industry from 2004 to 2006 123

Table 101. Capital maintenance and increment ratio,The best level of Capital maintenance and increment ratio,Debt to assets ratio,The best level of Debt to assets ratio,Turnover frequency of floating assets,The best level of Turnover frequency of floating assets,Sales rate Per capita,The best level of Sales rate Per capita of China Automobile Repairing industry from 2004 to 2006 125

Table 102. Industrial production value,The average total number of employees of Top ten enterprises of China Automobile Repairing industry from 2004 to 2006 127

Table 103. The average balance of float assets,The average balance of net fixed assets,Total Assets,Total Liabilities of Top ten enterprises of China Automobile Repairing industry from 2004 to 2006 128

Table 104. Sales revenue,Sales cost,Sales expenditure,Total profit,Total tax of Top ten enterprises of China Automobile Repairing industry from 2004 to 2006 130

Table 105. Capital maintenance and increment ratio,Debt to assets ratio,Turnover frequency of floating assets,Sales rate Per capita of Top ten enterprises of China Automobile Repairing industry from 2004 to 2006 132

Table 106. Top ten Province of sales revenue of China Automobile Repairing industry from January to 2006 132

Table 107. Top ten Province of sales revenue of China Automobile Repairing industry from January to December in 2005 133

Table 108. Top ten Province of sales revenue of China Automobile Repairing industry from January to December in 2004 133

Table 109. Top ten City of sales revenue of China Automobile Repairing industry from January to 2006 133

Table 110. Top ten City of sales revenue of China Automobile Repairing industry from January to December in 2005 134

Table 111. Top ten City of sales revenue of China Automobile Repairing industry from January to December in 2004 134

Table 112. Produce and sale data of Top 10 motor vehicle repair enterprises of China in 2003 136

Table 113. forecast of the consumption of steel in automobile industry ,2007-2020 143

Table 114. Forecast of GDP growth of major domestic institutions 155

Figures

Figure 1 Automobile and car output in China from 1990 to 2006

Figure 2 Prediction of China automobile and car output by 2020

Figure 3 Proportion of export of automobile by ownership of enterprises 47

Figure 4 Export of automobile by type 47

Figure 5 Comparison of export and import of whole automobiles 51

Figure 6 Monthly car vehicle sales from 2003 to 2006

Figure 7 Sales growth of all type of car in 2006

Figure 8 Sales of high-class passenger cars, 2002-2006

Figure 9 Sales and growth of sales of semi-trailers in 2006

Figure 10 Great market potential of China's automobile parts industry

Figure 11 Output per day of hot rolled steel sheet and cold rolled sheet

Figure 12 Output of hot rolled steel sheet , Jan.2004 to Dec.,2006

Figure 13 Output of cold rolled sheet, Jan.2004 to Dec.,2006

Figure 14 Average price of cold-rolled or hot-rolled thin sheet in China 140

Figure 15 Comparison of domestic price of hot rolled steel sheet with international price (USD/ton)

Figure 16 Comparison of domestic price of cold rolled steel sheet with international price (USD/ton)

Figure 17 Fixed assets investments keep on rising

Figure 18 Disposable income of town dweller keeps on rising steadily

Figure 19 Comparison of per capita vehicle stock between China and other countries and regions in the same developing phase (South Korea, India and Taiwan province)

Figure 20 Logarithmic chart of per capita vehicle stock and per capita GDP

Figure 21 Forecast of China's per thousand population vehicle stock from 2007 to 2020

Figure 22 Forecast of China's per thousand population vehicle demand from 2007 to 2020

Figure 23 Forecast of China's total vehicle demand from 2007 to 2020
